**Initiate Certificate Modification**

You are about to make a copy of this published certificate for modification. This copy will be used until it is published and replaces the existing published certificate. Once the modification is complete, please remove it when you are done.

Note:

1. This modification process should not be used to update a certificate if the certificate is associated with an audit. Please use the "Manage Audits" application to enter audits and issue/reissue a certificate. This application can be used for changes to the certificate due to data entry errors, certificate status changes not associated with an audit.
2. Please enter a comment describing the nature of the changes and the reason for the changes being made. Please note that your comments will be published in the OASIS change summary log and will be visible to all users viewing by other users. Please do not include any private information, such as Audit results data.
